- George Washington University
- Major in Business Administration
- Long Term Goals:

I would like to go back to Trenton and do what I can to develop the Latino community around the area.

- Experience at the HNBF:

I was chosen for the Spring 2007 internship and had a great time. While I was there, I was able to work on different programs that the HNBF sponsors. The project that I am most proud of is the Duard Bradshaw scholarship. It took a lot of time and dedication, but in the end I was happy with it's result. Overall my experience was overall wonderful at the HNBF!
